PROFESSIONAL SUMMARY

Adaptable and commercially minded professional with experience in customer-facing retail, international production and independent digital projects. Comfortable communicating across cultures, solving practical problems, following processes and taking ownership in fast-paced environments. Seeking a remote Slovakia-based role in customer support, sales support, operations, e-commerce or digital coordination.

PROFESSIONAL EXPERIENCE

Production Employee | OTTO Work Force B.V.

Netherlands | July 2026 - Present

- Work reliably in a high-volume international production environment while meeting quality, safety and productivity requirements.
- Follow detailed procedures, adapt to changing shifts and responsibilities, and maintain dependable execution under time pressure.
- Cooperate with colleagues from different cultural and language backgrounds.

Sales Assistant | Foot Locker

Prague, Czechia | October 2025 - June 2026

- Assisted customers with product selection, sizing and purchasing decisions using clear, customer-focused communication.
- Supported sales through product knowledge and helped with stock, merchandising, order questions and daily store operations.
- Worked effectively during busy periods in an international retail environment.

SELECTED DIGITAL PROJECTS

Growthstack - in development: Website services and practical digital growth systems for small service businesses, including website strategy, information structure, development and enquiry pathways.

Klinepilot - prototype: An early-stage crypto market research and paper-trading product developed through user research, interface planning, validation gates and AI-assisted implementation. No production orders or return claims.

Emotecture Studio - in development: Clothing, visual identity and creative e-commerce concepts exploring emotionally driven gothic and architectural design.
